The **CP Color Wheel** shows where each CP ink best fits in the classic spectrum and is a useful tool for creating easy color combos.

To put it together, simply cut out these circles, line it up with the circle on the Color Wheel, punch a hole in the center and connect with a brad.

More information about using the CP Color Wheel, watch our CP Color Wheel 101 Videos: [www.catherinepooler.com/cwplaylist](http://www.catherinepooler.com/cwplaylist)
